Effective immediately, everyone will have to enter the club house, and use the electric disconnect switch/knife box to use the upper trap and skeet fields. It is next to the main panel box, and the main field trap box that we are using now for the main trap field. They are marked. Then, go to the pole and turn on the field you want to use. Always remember to turn it all back off when you are finished shooting.

Also, please remember to use a paper and write your rounds down when paying, in the slot, on the bar. If you only put money in there, it will be rung up as beer/pop.
